

## **I'M NOT GROWING OLDER**

From the album *The Time Has Come*

I am just a young boy  
Barely in my teens  
I like to ride my bicycle  
I let my mom fix all of my jeans

### CHORUS

I'm not growing older, there's just no way  
I'm not growing older, there's just no way

I am now a young man  
I just turned 18  
I'm going away to college  
Chasing all of my dreams

### CHORUS

I'm what you call a working man  
I am 25  
I take long walks with my lady friend  
It feels good to be alive

### CHORUS

I wear the title of Daddy-O  
I am 43  
The world is getting crazy  
I try to let my mind run free

### CHORUS

I feed the birds in the meadow  
I'm now 69  
Living off social security  
It's not much but I'm doing fine

### CHORUS

I am now an old man  
I am 92  
I can still play the guitar  
But not like I used to

I've got a great granddaughter  
Seems to me she's about 3  
Sang her first song the other day  
These were the words she sang to me
