

LET YOU LOVE ME

From the album *Get Real*

There's a crow in my window
Cracking up the dawn
I wanna know what she knows
I wanna brand new song
A song of forgiveness
For damage that we've done
You've made it your business
I've been on the run

How do I let you love me?

Look at these imperfections
In the faces in the clouds
The crow says they're reflections
For crying out loud
Crying out for help
With these bruises and these scars
Now I ask myself, "Myself," I say,
"Who do you think you are?"
Standing here, cursing at the stars

I'm gonna let you love me

There's a song in the distance
Waiting to be born
All of my resistance
Is melting in the sun
The sun that keeps returning
Blessing every day
The sun that's keep on burning
All the tears away day by day

I'm gonna let you love me
